

Are you a recent **START-UP** in Nanotechnology? Join us at the **SNC-2020!**

After 2018 we are holding for the second time a friendly competition between start-ups in Nanotechnology at the Swiss NanoConvention 2020 (<http://swissnanoconvention.ch/2020.html>). Admitted to the competition are start-ups founded between 2015-2019. You can present your start-up in front of the SNC audience in a specially session. The winner will receive the **Nanotech Start-Up Prize** of CHF 10'000.- sponsored by the Swiss Nano- and Microtechnology Network (Swiss MNT).

How to participate: Submit a short description of your start-up **of max. one A4 page** directly to Pierangelo.Groening@empa.ch containing information on your product, when and from where your idea was born, when the start-up was inaugurated, weblink, fact numbers (start date, current size, turn over etc.), what businesses you are targeting and how you see your short to midterm future. **Deadline: 31st of March 2020**

Preselection: A committee of the Swiss MNT Network will select a maximum of 8 applications who will be invited to join the Nanotech Start-Up session at the SNC.

Showcase at the SNC: The selected start-ups will get 10-15 Min. to present their cases to the audience. To select the winner, we will use an electronic voting system and every one attending can participate in the rating of the start-ups/presentations.
